EDUCATION

Zagreb, Croatia

University of Zagreb

Fall 2013 – .

- Currently undertaking a bachelors degree in Compute Science
- Undergraduate Coursework: Operating Systems; Databases; Algorithms; Programming Languages; Comp. Architecture; Scripting Languages, Object oriented programming
- Additional Coursework: Android development, Basic Linux, Advanced Linux

TECHNICAL EXPERIENCE

Projects

- **'Menzer'(2014, Play store):** Android application made for displaying detailed food offer of all student cafeterias in Zagreb. It was my personal project with which I wanted to make studying in Zagreb a little bit easier for everyone. The project got a great feedback and support by the local student press and community.

ADDITIONAL EXPERIENCE AND AWARDS

- **Second Prize, Mobile App Design Contest(Croapps):** Awarded 2nd prize for the multi-provider content player mobile app(Video-ping), out of 22 projects.
- **Participated in a Big Data workshop:** Understanding of basic models in Big Data and working with the R programming language.

Languages and Technologies

- Java, C, Python, Javascript, CSS, HTML
- Linux, Eclipse, IntelliJ, Android studio, ExtJS(Sencha touch), Bootstrap
